

Employer COVID Check

Introducing the most comprehensive, customizable, and clinical COVID Employee Health platform. Our Employer COVID Check tool provides real-time reporting to support Contact Tracing and CDC Guidelines with validated temperature readings. Our mobile software supports IR temperature Kiosks and Security systems for employee and visitor safety. In addition, we support total employee health with Nurse Triage and Telehealth Support for COVID testing as necessary.

COVID CHECK Features & Benefits

Compliance Reminders

Employees can opt to receive a text reminder to complete survey.

Contact Tracing

Platform can export records to support contact tracing for employers and visitors. Contact tracing applications include wearable devices and mobile apps.

Access from Any Device

Use on any mobile device or computer. Text and Dial-In Options also available.

Chat Support

Access to real time chat support during business hours.

Updated Regulations

Platform updated daily with the latest CDC employer regulations.

Cost Effective

Pay only for active users, not for your entire eligible population.

Vaccination Tracking

Track doses, send reminders, and certify which employees have been vaccinated.

Realtime Reporting

Dashboard provides reporting by location, department, and risk status.

Customizable Platform

Customized for specific employer needs and branding. Offered in 100+ languages.

Testing Results

Track employee testing status and results.

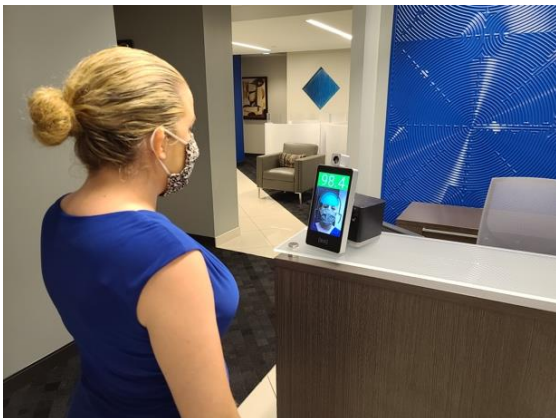

System Integration

Integrate with IR Temperature Kiosks and security systems.

Clinical Support

Schedule an appointment with a nurse to learn about COVID testing options.
