

# All-in-One or Customizable

Whether you utilize one component or the solution in its entirety, our compliance program will ensure your business meets regulations.

## ✓ Vaccine Verification

- Store all team members' COVID-19 vaccine records in one place
- Real-time administrative dashboard and OSHA compliance reporting
- Manage all end-to-end rapid testing workflows through the platform
- Immediately deploy rapid testing workflows through the platform

## ✓ At Home Test Kits

- Test kits in stock and ready to ship to as many or as few addresses you require
- Test proctoring – virtual, on-demand, 24/7

## ✓ On-Site Testing

- Turnkey pre-registration and on-site testing
- All supplies, biohazard disposal, reporting requirements for CDC and state
- URL registration and email results

## ✓ Event Planning

- Elevate safety for the return to events
- Our turnkey event solution entails project management, a tracking platform, a mobile app, OSHA reporting and on-site testing needs.
